Integrity First, Service Before Self, & Excellence in All We Do.

The Acuity Specialty Hospitals of Ohio Valley is comprised of a team of healthcare professionals serving the Ohio Valley area for over a decade since opening in August 2005.

The Acuity Specialty Hospital of Ohio Valley is a 72-bed Long Term Acute Care (LTAC) hospital with its Main Provider Campus located on the second floor of Belmont Community Hospital in Bellaire, Ohio.

Acuity Specialty Hospital of Ohio Valley also operates two additional satellite campuses in Weirton, West Virginia, and Wheeling, West Virginia.

Acuity Specialty Hospital of Ohio Valley is the only Long Term Acute Care (LTAC) hospital in the Ohio Valley that is accredited by the Joint Commission, and specializes in, pulmonary and cardiac care, wound care management, infectious disease management, traumatic brain Injury, neurologic diseases, trauma and extended care for medically complex patients who are acutely ill and require daily physician's care. The hospital and it satellites serve to meet the unique needs of the Ohio Valley, northwestern West Virginia and the western Pennsylvania tri-state area.

To make a referral, please contact the Admissions Department and a Clinical Liaison will perform an onsite evaluation to assess for appropriateness of admission.
